AIRINOX®

A GLOBAL PROPOSAL FOR AIR-JET WEAVING

AIRINOX® dent stands for:

- Edge-processed & mirror-polished dent
- Perfect nose parallelism
- Absolute dimensional accuracy & stability
- Enhanced mechanical properties
- Excellent beat-up resistance

Available in 2 grades:

AIRINOX® HS – for fine sizes

austenitic ESR chrome nickel stainless steel dent

excellent vibratory coefficient designed to perform under highest speed and vibratory constraint

AIRINOX® TEC – for complete range

martensitic hardened and tempered chrome stainless steel

superior mechanical strength designed to perform under strong mechanical constraint

Available in 2 executions:

FFD – fully finished dents ready to be set as tunnel reeds

OSD – only stamped dents to be processed at customer's company

Available for all weaving machines

Specifications and technical drawings on our website www.lamprec.be under AIRINOX®
