# FINOX

## INNOVATION IN ULTIMATE FRICTION-LESS STAINLESS STEEL WEAVING DENT

---

A new proposal for stainless steel reed dent to match ultimate demand for low friction weaving

A superior proposal to LAMINOX TEC due to its FIN-processing to promote friction reduction for ultimate technical weaving requirements

### FINOX

- Martensitic hardened and tempered chrome stainless steel
- Mirror polished surface to optimize friction coefficient
- Added edging process to minimize frictional resistance
- Absolute dimensional accuracy & stability
- Enhanced mechanical properties
- Upon request and agreement

Specifications and technical drawings on our website [www.lamprec.be](http://www.lamprec.be) under FINOX
